

Fillmore Hall once again!

US as Students doesn't feel
safe around John Clark. He be saying
he will punch US in the face and choke
US till we fall ~~down~~ asleep and can't
wake up to me that sound like death.

I want to tell my parents and probation
officer how John Clark is really like.

I be scared to fall cause I think
I'm gonna get choke to death in
my sleep by John Clark and I think

that He continue staff promote the
way He act. He be racist to all the black
kids. Force us to work and clean up. He
said "If we don't want to work He
will punch us." He force us to smile when

you come around and he said if
we doesn't smile he will PR us the dirty
way. He said if He find out that we tell
on him He will kill us... I be nervous
everytime he come around. He put us

in townhouse when we talk for
2 hours he calls the black kids
niggaz. People in my unit is

scared to tell Tony Bacon
but im steppin up to tell you

~~if you please don't expose
me to no more trouble
were scared~~

Bye
